FACIAL LYMPHATIC DRAINAGE

Cost: £75 – 60-minutes

Facial lymphatic drainage is a truly relaxing treatment that involves gentle, soft, rhythmic strokes that promotes the flow of nutrients and oxygen to the skin. This in turn works to revitalise your skin and achieve a healthy, rosy glow. This powerful treatment works on the many lymph nodes that are located superficially just below the skin.

The addition of jade rollers and micro-vibration rods are used to further encourage the drainage of lymphatic fluid which improves cellular communication, while eliminating toxins.

With regular use facial lymphatic drainage is high recommended to:

- strengthen facial muscles (anti-ageing)
- boost oxygen flow
- reduce puffiness in the face and around the eyes
- eliminate dark circles
- improve sallow skin
- rejuvenate and tone skin
- reduce fine lines and wrinkles
- reduce symptoms of sinusitis
